

MCH Practicum Opportunities

Our program is continuously looking for enriching practicum MCH- focused experiences. We have been able to establish a network of local organizations working on Maternal and Child Health with selected mentors who are committed to providing high quality support to practicum students. For MCH students interested in doing their practicum at one of these programs, we can provide a stipend of \$ 2,068.00. All stipends are paid through the University to the recipient's student financial account.

Organizations affiliated with the MCH Public Health Training Program include:

- [The Nurse Family Partnership](#)
- [Florida Department of Health in Miami-Dade](#)
- [Consortium for a Healthier Miami-Dade](#)
- [Healthy Start Coalition of Miami-Dade](#)
- [The Children's Movement of Florida](#)
- [BreastfeedMIAMI](#)
- [Gilda's Club South Florida-Children and Family Program](#)
- [Metro Mommy Agency \(Doula and childbirth education\)](#)

Requirements:

- Enrollment in the MCH Concentration Program and completion of all requirements to begin the practicum.
- Coordination of a practicum placement with one of the above approved organizations. This must be done at least one semester in advance with Ms. Florence Greer (fgreer@fiu.edu). Other organizations not mentioned above may be approved in consultation with the MCH program director, Dr. Rashida Biggs (rbiggs@fiu.edu).
